

# How to Build Smoosh Boards

You will need:

Equipment:

- 2 8' 2x4s
- 8 Hex Head Screws for Wood, Zinc-Plated Steel,  $\frac{3}{8}$ " size 1- $\frac{1}{2}$ " long
- 8 Steel Washers for  $\frac{3}{8}$ " Screw Size
- 8 Rounded Head Screws #8 Size, 1" long
- 8 Steel Washers for #8 Screw Size
- 4 Pairs of Shoes

Tools:

- Cordless Drill with Phillips Head Screwdriver
- $\frac{3}{8}$ " diameter drill bit to drill a hole in each pair of shoes
- Wrench for Hex Head Screw (Socket Wrench preferred)

*Attaching shoes to the boards with screws or bolts is efficient. Add as large a washer as possible when attaching shoes to the board. This helps keep the bolt or screw head from tearing through the bottom of the shoe.*
